Subject: AES production and ashes disposal

<https://www.facebook.com/estudio.wpab/posts/656176484563242>

Hello!!

A friend of mine took this pictures and video today (10/20/16) from AES Guayama. Legally, the ashes can't be disposed in Peñuelas Valley Landfill neither in Humacao, neither in any other municipality with approved ordinances. We have the feeling that AES is producing energy and are disposing the ashes incorrectly and against the law. For this reason we are filing a claim to your agencies requesting an investigation on regards to AES recent ashes handling and disposal practices. We expect your report as soon as posible.

Thanks;

Yvette Gonzalez Cuascut
